

Mr. Alessandro Perrotta

Vice President, Singapore Manufacturing Federation

Chief Executive Officer, ResurgeTech Advisors

Mr. Perrotta is currently the Founder and CEO of ResurgeTech Advisors, a Singapore-based advisory firm he established in December 2023. Having stepped away from day-to-day CEO responsibilities, I now focus my energy on advising company boards and private equity firms.

Mr. Perrotta's engagement with clients goes beyond surface-level advice, delving into the minutiae of business operations and market opportunities to provide insights that are both actionable and transformative. This shift reflects his commitment to sharing the wealth of knowledge accumulated, helping companies and their leadership teams achieve their full potential. His extensive network, built on years of direct customer interaction across various industries, serves as a cornerstone for fostering connections and unlocking new avenues for growth. As a strategic advisor, his goal is to empower businesses to navigate their journeys with confidence, backed by a legacy of turning challenges into benchmarks of success.

Prior to his current role, Mr. Perrotta has been serving as CEO at Interplex Holdings (split into two businesses: Interplex & ENNOVI) both Singapore-based companies with combined US\$1.2B in revenues, 20+ locations around 13 countries and ~13,800 employees from 2016 to 2023. The company's main business is in the design and manufacturing of customized interconnect, high precision engineering supporting the Automotive, Medical/Life Science, ICT, and General Industrial markets.

Before Interplex, Mr. Perrotta served as CEO at FCI Electronics from 2013 to 2016. FCI Electronics's focus was on the high speed and power interconnect servicing the Datacom/Telecom and Industrial market. Prior to FCI, Mr. Perrotta also served in several leadership roles in the area of Renewable Energy at REC Solar ASA, a Norwegian company focusing on Wafer, Cell, Modules design and manufacturing as well as Solar System Infrastructure. The main manufacturing location was and still is in Singapore.

Mr. Perrotta specialises in supporting Private Equity companies in transformation, due diligence and other aspects of strategy and technology.

Mr. Perrotta is also serving as a Vice President for the Singapore Manufacturing Federation (SMF).

In 2019, Mr. Perrotta was named Honorary Ambassador to Singapore for The Confederation of Industrial Chambers of Mexico (CONCAMIN). CONCAMIN was constituted in 1918 and is the representative organism of the different industrial sectors and other important economic activities for the economic development of Mexico. CONCAMIN is also responsible for developing projects and initiatives for the sustainable development of the Mexican industry. This role was completed in 2020.

Mr. Perrotta is also the co-founder of the Singapore-Mexico Chamber of Commerce, supporting increasing bilateral trades between the two countries.

Mr. Perrotta is also member of the UAE-Singapore Business Council.

Mr. Perrotta is also member of the National University Hospital (NUH) International Business Council (NIC).

Mr. Perrotta is currently perusing an Executive Program at Harvard Business School. He holds an ExMBA from University of Miami, MSEE from Villanova University, and BSEET from Temple University.
