

Mr. Neo Sing Hwee

Council Member, Singapore Manufacturing Federation

Partner, EY Corporate Advisors Pte Ltd

Sing Hwee is a partner of the Ernst & Young Singapore Consulting Practice. His role is client serving and market focused, oriented towards global network of large strategic accounts. He is currently the Global Client Service Partner Temasek Portfolio Companies (TPCs) as well as Government & Public Service (GPS) accounts (covering Ministries, government agencies and statutory boards in Finance, Trade, Manpower, Community, Culture & Youth as well as Social & Family). He is also the lead partner in EY Private Client Sector as well as EY Asean Digital practice and Enterprise Risk practice.

Sing Hwee was the Managing Director of Mapletree Investments Pte Ltd from 2018 to 2020 where he headed the operation business process department, group information system & technology department, group risk management department, group internal audit department as well as group policy and delegation of authority.

For 9 years till 2018, Sing Hwee was a member of the EY Asean Partner Governance Council and led the Advisory (Risk) Internal Audit Practice in EY Singapore, Asean and Asia Pacific, overseeing more than 30 partners and 700 professionals across 17 countries.

He has close to 30 years of experience in providing risk management, governance business process and performance improvement, internal controls and business advisory services to clients in various industries. Sing Hwee worked closely and provided advice to Boards and Audit Committees of listed companies as well as family offices, private clients and organisations in the public sector and private businesses on leading practices, insights as well as issues relating to corporate governance, risk management and processes and controls.

For the Boards where he holds the position of Audit & Risk Committee Chairman/ member, he led and continues to lead in the governance and risk oversight, development of risk management and governance framework and process as well as review and assessment of risks and performance of audits for organisations in the government and public sector including statutory boards and government related organisations.
